

Fonterra Milk for Schools ~ Participation Form

Kia ora Mātua/Parents

We're pleased to let you know our school participates in the Fonterra Milk for Schools programme. This means we provide Anchor Lite UHT milk to our students as part of our school day.

The Fonterra Milk for Schools programme is all about growing healthy children. The natural nutrition of milk gives children calcium for building bones and nutrients they need for sustained energy, concentration and learning in the classroom. It is about creating healthy habits and teaching our students to have something nutritious throughout their day. There is also a comprehensive recycling component to the programme which means our school participates in a nationwide recycling initiative.

Your child's participation in the Fonterra Milk for Schools programme is voluntary, so if you would not like us to provide your child with the milk, please complete and return the form below.

For further information about the Fonterra Milk for Schools programme please visit www.fonterramilkforschools.com, or contact our school office.
